

DESIGN OPPORTUNITIES

“DO” ... Proposed Building Projects ... Designers Needed

**“DO” comes to you courtesy of the American Institute of Architects-Indiana
under agreement with National Building News**

From the Publisher

Welcome to the August issue of Design Opportunities, better known as “DO”.

In it you will find over 180 projects valued at over \$3 billion, on which the owner or developer has not yet selected a designer. This “early warning system” gives DESIGNERS, CONSULTANTS, CONTRACTORS AND MANUFACTURERS a chance to contact him and get on his “short list” while the project is still a mere “twinkle in his eye.”

“DO” is distributed FREE to Trade Associations as a PDF, the first week of every month. If you are not receiving your copy call the local chapter of your Trade Association (AIA, ACEC, AGC, BOMA, ASLA, etc.)

John Hansel, Publisher

Who Reads “DO”? architects, interior designers, consultants, contractors, developers, building owners and managers and the many facilitators such as realtors, insurers, appraisers, brokers, lawyers, etc., plus the manufacturers of building products needed to bring tomorrow’s buildings on line.

Typical Subscribers to “DO” include...AECOM, BR&A Consulting Engrs., CBT Architects, Century Engineering, Core Const., Dewberry, Ennead Architects, Gensler, HKS, Holabird & Root, JCJ Architecture, JE Dunn Const., LMN Architects, M-E Engrs., Moody Nolan, NBBJ, Shepley Bullfinch, Syska & Hennessy, VOA

What is “DO”?

National Building News Service has been reporting on the ever-changing **Skylines of America** since 1964...exactly 50 years. We are proud to present this issue of our new publication “*Design Opportunities*”...also known as “DO”. Unlike other construction lead services, “DO” features only Requests for Proposals (RFP’s) on buildings and renovations under consideration, before selection of an architect or interior designer. Therefore, each project represents an opportunity to be involved in design, construction or management at the earliest phase. Our readers include architects, interior designers, consultants, contractors, developers, building owners and managers and the many facilitators such as realtors, insurers, appraisers, brokers, lawyers, etc., plus the manufacturers of building products needed to bring tomorrow’s buildings on line.

DAILY EDITION - “DO” - Design Opportunities:

For designers, consultants, contractors, etc. who need an “early warning system” on projects in the design phase.

- A daily email with recently released Requests for Proposal (RFP’S). **Many of these projects will not appear in the Monthly Edition as the RFP due date would have passed by the time the Monthly Edition is published.**
- Also including STATUS updates on projects under design.
- Approximately 10-20 projects per day.
- Emailed to you as a PDF file.

MONTHLY EDITION - “DO” - Design Opportunities:

Distributed exclusively to those Professional and Trade Associations, whose members can benefit from this advanced notice of Proposed Building Projects. Their subscription calls for “DO” to be distributed promptly each month as a PDF file to each of its’ members.

“Live” Message Board - National - Read By 50,000 Designers Nationwide

- It is one column wide with space for 5 business card size ads or messages, one opposite each project as the reader scrolls down the page.
- **IMPORTANT: because “DO” is distributed exclusively through professional Design and Trade Association members, your ad, or message, will be seen by those members nationwide, over 50,000 of them!**
- This space is “live” so a click on any ad will take the reader to the advertiser’s landing page.
- **Rate: \$200 per ad, per insertion.(2” x 3.5”), receive (6) free insertions with your first order.**

DAILY EDITION - "DO" - Design Opportunities
(Call Mary today for your FREE 2 week trial 800 500-7276)

Features:

- (1) A DAILY email with recently released RFP's on projects needing a design.
- (2) A DAILY email with STATUS updates on projects UNDER DESIGN.
- (3) Each Project includes all contact information for the owner, all contact information for the architect (if selected), the due date of the RFP or the phase of design (if architect selected), the bid date and construction start date, if available.
- (4) Approximately 15-20 projects per day.
- (5) A subscription includes a FREE business card ad on the "live" message board of the Monthly Edition of "DO".

Why you need “DO”...

Build Long Term Relationships

* Use “DO” to develop long term relationships with the owners/developers of the projects. You can use the owner/developer contact information as a mailing list to introduce your firm or personally contact the owner via phone. This is an easy way to get your information out to a lot of owners/developers you may not have know about without “DO”. Even if the owner isn’t looking for an architect for their project today; take the time to introduce your firm and develop a beneficial relationship with them, so when they do start the architect search your firm is already on their “short list.”

Expand your Marketing Efforts

* Use “DO” to see what is going on outside your area of focus to see whether you should be looking at new areas. “DO” will show you where to focus your marketing efforts today so the work can be yours tomorrow.

Never Miss an Opportunity

* Use “DO” to make sure you are aware of all the local opportunities available to you and those in the states where you work. Don’t let an opportunity pass by because you weren’t aware of it in time.
* Our Same Day Notification service of Request for Proposals will ensure you never miss an opportunity and allows you to beat the competition.

Know the Who, What, When and Where

* Use “DO” as your eyes and ears. Let “DO” tell you who is developing what, when they anticipate choosing their architect and where they are developing the project. Uncovering leads is very time consuming; let “DO” do it for you.

Let Yourself be Known

* Use “DO” to reach out to your prospective developers and show them your special skills and capabilities. Placing an ad in “DO” is a great way to be seen by just the right people. Your ad in “DO” contains a live hyperlink which will direct readers to your firm’s email or website with just a mouse click.. “DO” can also tell you how many people have clicked on your ad.

Monitor your Effectiveness

* Use “DO” to make sure you are aware of all the opportunities available to you. Is your team on top of all the hot prospects? Are you missing out on prime opportunities?

Analyze the Market

* Use “DO” to analyze trends in the market. See what types of projects are moving forward; see which developers are proposing projects and see what areas of the country have the most activity.

Things to Remember

* When following up on leads be diligent. It takes time and persistence to make that winning proposal.
* Don’t be afraid to think outside the box. Develop those relationships with developers listed in “DO” and the work will follow.

How To Use “DO”..

C - Finding Projects By Type... in alphabetical order by State and City

The Navigation Bar (which appears on every page except the cover) features separate links for:

P-1 PROJECTS: “DO” is reporting for the first time.

P-2 PROJECTS: Have been published in “DO” in the past, with an anticipated RFP within a year.

Dividing each issue of “DO” into these project categories allows direct selection and quick navigation within the publication. An added bonus is this format results in smaller files, allowing for a much faster download.

Clicking on any of these Navigation Tabs will take you directly to category selected. These categories are defined as follows:

Entertainment

Convention or civic centers, arenas, community centers, and casinos.

Educational

Two subcategories: Boarding projects have residential accommodations on campus and Non Boarding projects do not have residential accommodations.

Government

Facilities for occupancy by local, state or federal government officials.

Industrial

Factories, generating stations, sewage treatment, parking and storage facilities.

Healthcare

Hospitals, nursing homes, medical office buildings and research facilities.

Mixed Use

Developments containing multiple components such as residential, retail and office.

Renovation

Projects of any type, being renovated.

Why I "DO" it...

"It provides me new information on leads I may not be aware of and also provides validation for my efforts when I know about leads that are published. It is a unique publication as most only focus on public projects, which is not our primary market. It is nice to see private development listed!" RSP Architects
